Dear John

### **Community Fund Donation**

A very warm thank you for your generous donation to the Otford Heritage Trail Project. Be assured that it will be put to good use in contributing to the cost of installing the trail.

Our objective is to make our village heritage more evident, both within the community as well as to our many visitors. The proposal is to site a number of 'wide-screen' information panels at various key points around the village to tell the story of the history of each site. Each panel will include a water-colour impression of the scene in earlier times with a full description. The project has the full support of the Otford Parish Council.

Our intention is to mount up to seven of these strong, 3ft by 1ft panels at 45 degrees just 3ft off the ground so that they form an unobtrusive part of the street-scene yet can be read by younger visitors as well as wheelchair users.

Printed guides will also form part of the experience as well as postcards which will be available in suitable shops. It is all part of raising the awareness of our long history for years to come.

Your kind donation will form an integral building block toward achieving the project. Thank you.

Rod Shelton
